    - Write the news **title**
    - Write the full Activity content
    - Add a feature image
    - Add Tag: **our-activities**
    - Click **Publish**

6. **How to Edit the Homepage (Section by Section)**

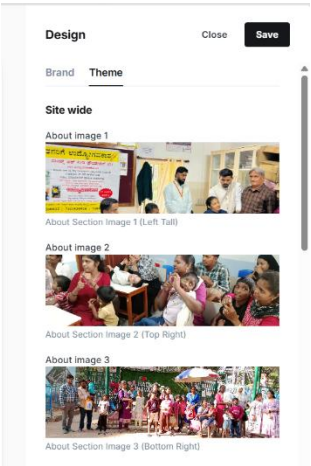
    a. **The Hero Slider (Top Animation):**

        - Create a New Post.
        - Title: This will be the main big text on the slide.
        - Excerpt: This will be the small subtitle paragraph below the main text.
        - Feature Image: This will become the full-screen background photo!
        - Open the Post Settings and add the tag **hero-slides.**
        - Publish it! The website will automatically grab up to 5 posts with this tag and build the slider.

    b. **The "About" Section (Typography & Images):**

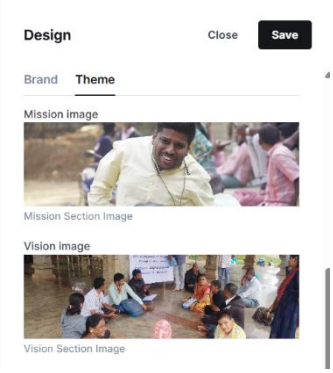
        - To change the Text: Go to Pages
        - Find the Page with name as Title of About and edit the page
        - that page has the exact URL/Slug **home-about**.
        - Whatever you type in that page will automatically appear on the homepage.

        - To change the 3 Masonry Photos: Go to the bottom left Settings
        - Design & Branding > Click Customize > open Sitewide.
        - You will see custom image upload buttons specifically for About Image 1, About Image 2, and About Image 3.
        - Upload Images and Save this will Appears on Home Screen



c. **Mission & Vision Images:**

- To swap the thumbnails for the Mission and Vision boxes
- go to Settings > Design & Branding > Customize > Sitewide. Upload your new photos to the Mission Image and Vision Image fields.
- This Images will Appears on Home Page



d. **Success Stories & Programs Refer Point 3 and 4**

7. **How to Manage Pages :**

Pages are used for: About, Contact, Donate, Team, Partner With Us.

- Click **Pages** in the **left sidebar**
- Click on the page you want to edit
- Make your changes
- Click Update to save

Note: Be careful when editing pages. Do not delete any HTML code blocks — only edit the text inside them.

8. **How to Add a New Team Member (On Our Team Page)**

- Click **Pages** in the left sidebar
- Open **Our Team** page
- Find the HTML card (it shows all team member cards)
- Click on the HTML card to edit it
- Find the last team member entry and copy this block:

```
<div class="team-card">
  <img src="IMAGE_URL_HERE" alt="Person Name">
  <div class="team-info">
    <h3>Person Name</h3>
    <p>Role / Designation</p>
  </div>
</div>
```

- Paste it after the last team member
- Replace Person Name with the actual name

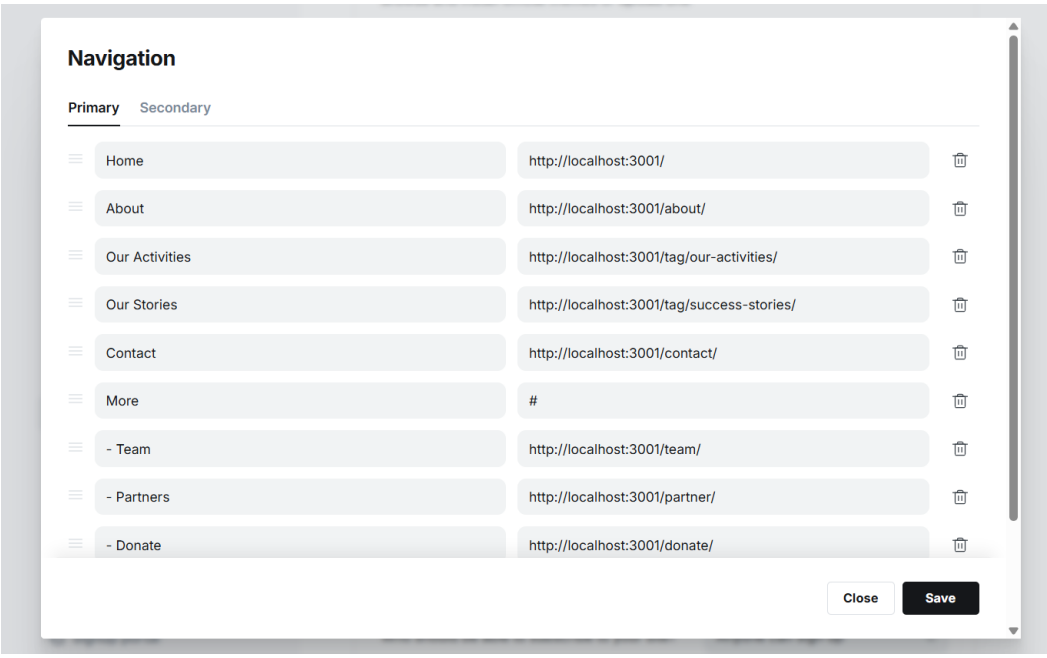
- Replace Role / Designation with their role
- Replace **IMAGE_URL_HERE** with the photo URL (see how to get image URL below)
- Click Update to save

How to get an Image URL:

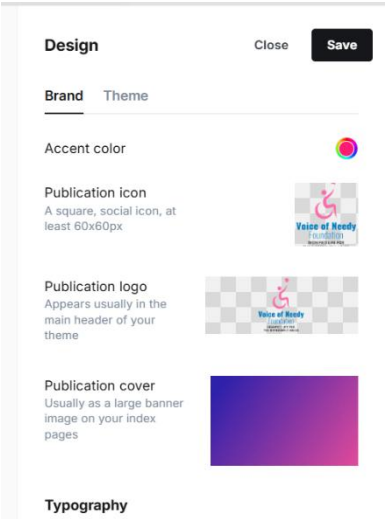
- Open any post or page in Ghost Admin
- **Click +** and add an Image card
- **Upload** the photo (WebP format only)
- **Right click** the uploaded image
- Click **Copy image address**
- Use this **URL** in the team card

9. **How to Update Navigation Menu:**

- Click Sidebar of **Settings**
- Click **Navigation**
- To add a new link: Type the label and URL in the empty fields at the bottom
- To edit an existing link: Click on the label or URL and type the new value
- To remove a link: Click the X button next to it
- To reorder: Drag and drop the links
- Click **Save** when done

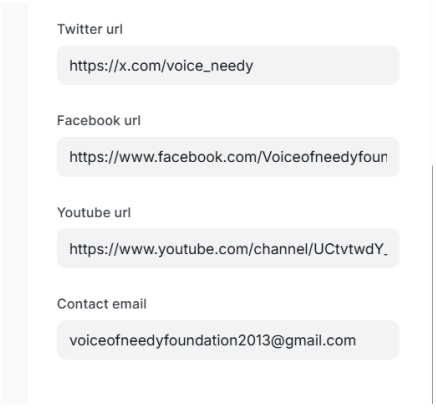


10. How to Change Logo or Cover Image



- In Sidebar of Setting Click **Design and Branding**
- Click on **Customize**
- To change Logo: Click on the logo area and upload new logo (WebP format)
- To change Cover Image: Click on the cover image area and upload new image (WebP format)
- Click **Save** when done

11. How to Update Site Social Media Profiles:



- In Sidebar **General settings** click on Social accounts
- Change you **Social Media** Profiles and **Save**
- Next, In Sidebar click **Site** and **Open Design & branding**
- Click **Customize** under Theme scroll and **Update** Social Media Profiles

12. How to Use Tags - Quick Reference

Tags control where content appears on the website. Always use the correct tag:

Tag	Use For
programs	Program posts (Chiguru, Swavalambhi etc.)
success-stories	Success stories / case studies
our-activities	News and activity updates
hero-slides	Homepage slider images

Important: Never delete these tags. If a wrong tag is used, the post will not appear in the correct section.

Guideline to Follow:

- **Images must be WebP format only** - do not upload JPG or PNG
- **Always add the correct Tag** before publishing a post
- **Always add an Excerpt** to posts - this is what appears on the homepage cards
- **Do not delete any pages** - only edit the content inside them
- **Do not delete Tags** - programs, success-stories, our-activities, hero-slides
- **Save before closing** - always click Update or Publish before leaving
